REASONS FOR ALLOWANCE

1. Claims 1-18 are allowed over prior art of record.

The following is an examiner's statement of reasons for allowance:

The instant application relates to bandwidth management, call set, in a packet switch network, and address resolution assistance between the telephone number and caller's address. The closest prior art, Miloslaysky (US 5,940,497) and Petrunka et al. (US 6,122,364) disclose call routing process to selected one of remote stations based on return signal directed by Automatic Call Distribution (ACD) server, fails to disclose, combined or taken alone, the inventive method steps of "determining a surplus bandwidth in a predetermined link and allocating call to surplus bandwidth (claims 1, 10, 16 and 18) and inter-converting a telephone number and address allocated to one or both of an originating party and a destination party (claims 10 and 18)".

The above underlined unique method steps render claims 1-18 allowable.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

2. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Afsar M Qureshi whose telephone number is (571) 272 3178. .
